

LOGISTICS NOTE

The 2nd East Africa Region Global Health Security Summit (EARGHSS 2026)

27th – 29th January 2026, Safari Park Hotel & Convention Centre, Nairobi, Kenya

Catalyzing Collaboration & Local Manufacturing of Health Commodities for Africa's Sovereign Health Security.

Introduction.

Thank you for choosing to attend this year's **East Africa Region Global Health Security Summit (EARGHSS 2026)**. The summit will take place from **27th to 29th January 2026** at the **Safari Park Hotel & Convention Centre, Nairobi, Kenya**.

This summit is a collaborative action of the EARGSS 2025 emergent institutional formation of the **Africa Center for Global Health Security (ACGHS)** partnership network: **Kenya Vision 2030, Africa CDC's Eastern Africa Regional Coordination Centre (EA-RCC), Ministry of Health, Kenya, Kenya Biovax Institute, Amref International University, University of Nebraska Medical Center – Global Center for Health Security (UNMC-GCHS), Kenya Defence University, University of New Mexico – Project ECHO, Amref Health Africa and Dalberg**.

As you prepare for your trip, we have compiled key information to help guide your travel plans to and from Nairobi, Kenya.

1. Travel Dates

- **Arrival:** Please plan your arrival in Nairobi, Kenya, on 25th or 26th January 2026 to allow smooth registration and participation in the welcome reception.
- **Departure:** Plan to depart after the summit on 30th-31st January 2026. Should you require assistance with travel bookings, please contact the Secretariat.
- **Note:** Any changes to flight bookings will incur a penalty fee, payable directly to the airline.
- **Airport Transfers:** Airport transfers from Jomo Kenyatta

International Airport to Safari Park Hotel will be provided.

2. Travel Requirements for International Delegates

Please ensure you have the following travel documents to enter Kenya:

- Official Invitation Letter from the Secretariat.
- Valid Passport (at least six months before expiry).
- Yellow Fever Vaccination Certificate.
- Return Air Ticket to and from Nairobi, Kenya.

3. Immigration Formalities

eTA Application

The **electronic Travel Authorization (eTA)** is mandatory for all foreign visitors to Kenya. Applications must be submitted through the **official Government website** only:

<https://www.etakenya.go.ke/en>.

Some countries are exempt from eTA, please click the eligibility for your specific country by clicking the link below:

<https://etakenya.go.ke/eligibility>

Important notice

- These are **general categories**; for any individual country exemption you should check whether stay duration or other conditions apply.
- Some sources indicate that by **July 2025**, Kenya announced a policy of exempting almost all African countries (except Libya & Somalia) from eTA for stays of 60-90 days.
- Even when exempted from eTA, travellers must still meet passport validity, vaccination, and other entry requirements (e.g., yellow fever certificate) as per normal immigration rules.

Applications made through third-party websites will be denied. The eTA system is also available as a **mobile app** (Kenya eTA) on Google Play.

eTA Application Requirements

To complete your eTA application, you will need:

- A valid passport (minimum six months after arrival date).
- A selfie or passport-sized photo.
- Contact details (email and phone number).
- Travel itinerary (arrival and departure details).

4. Passport Guidelines

Visitors to Kenya must have a passport that:

- Is valid for at least **six (6) months** from the date of arrival.
- Has at least **two blank pages** remaining.
- Accommodation booking confirmation.
- Invitation letter from the Summit Secretariat.
- Company registration (if applicable).

5. Registration

Delegates can pre-register online at www.ghssafrica.org

Upon arrival, participants will receive a **Conference Package** containing the summit program and relevant materials.

LOGISTICS NOTE

The 2nd East Africa Region Global Health Security Summit (EARGHSS 2026)

27th – 9th January 2026, Safari Park Hotel & Convention Centre, Nairobi, Kenya

Catalyzing Collaboration & Local Health Commodities Manufacturing For Africa's Sovereign Health Security.
